## SODALISTS PLAN A BASE BALL CLUB NEXT SEASON

St. Mary's School Alumni to Put Crack Team in Field in Spring to Meet All Amateur Aggregations.

The situation in amateur baseball circles in Albuquerque next season will probably be considerably complicated, as far as the race for the championship pennant is concerned, by the possible entrance on the field of a team to be known as "St. Mary's School Alumni Club." Preliminary plans for the organization of such a club, were made at a meeting of the Young Men's Sodality of the Immaculate Conception school, in St. Mary's school yesterday afternoon. Upon taking inventory of the membership of the sodality, it was discovered that many of them are crack ball players and that with few exceptions all members are either graduates or former pupils of St. Mary's parochial school here. Early in the spring, it is planned to elect a manager for the proposed club and to have all the sodalists turn out for general practice. The men who will make the best showing will be selected as regular members of the club and a schedule for the season, which will permit Sunday games will be arranged.

## FRANK H. STRONG RETURNS HOME

Popular Young Business Man Again in Albuquerque After Enjoying Rest Cure for Six Months.

Weighing twenty-five pounds more than he ever did before, and looking husky enough to be considered as a possible "white man's hope," Frank H. Strong, one of the most widely known and most popular young business men of Albuquerque, is back in his "home town." After an extended vacation in a sanatorium near Denver, his health breaking down because of too close attention to business, Mr. Strong went to Denver some six months ago and took the "rest" cure. The value of the cure is attested by the splendid condition in which Mr. Strong returns home. Mr. Strong is associated with his brother, J. H. Strong, Brothers' business enterprises here. On the streets yesterday, for the first time since his return Saturday, Frank was given the "welcome to our city" shout by a host of friends, all of whom demonstrated in a vigorous and genuine manner their pleasure at his return.

Every family has need of a good, reliable liniment. For sprains, bruises, soreness of the muscles and rheumatic pains there is none better than Chamberlain's. Sold by all dealers.

## YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thinning and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle today, and let it do for you what it has done for thousands of others. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

## MUSICAL PLAY THE ATTRACTION AT ELKS' TONIGHT

"Bright Eyes," to Draw Full House; Elaborate Scenic Setting and a Clever Sparkling Bunch of Fun.

Half the population of Albuquerque will tomorrow be humming and whistling the song hits which are to be dispensed generously at the Elks' theater tonight by Cecil Lean and Florence Holbrook and a company of seventy-five musical comedy artists in "Bright Eyes," which Joseph M. Gates, its producer, believes as popular or more so than "Three Twins."

The book of the play is based on the popular farce "Mistakes Will Happen," one of the most successful plays of its kind ever produced in America. Charles Dickens adapted the book and Otto Hauerbach and Karl Hochman have furnished respectively the lyrics and the music. Mr. Hauerbach has written some very clever verses for the new play and Mr. Hochman in his offerings for "Bright Eyes" has even outdone the popular music he furnished for "Three Twins." A number of novel electrical and mechanical effects have been introduced and the four scenic settings are masterpieces of the scenic painter's art. The costumes are beautiful and elaborate and the stage pictures are unusually effective.

The story tells of a young actor who has written a play which is about to be produced at the theater where he has for a long time been employed as leading man. But in addition to writing this play Tom Genowin has secretly married Dorothy Mayland, the leading lady of the company. The manager of the theater is unfavorably opposed to the marriage of members of his company and has announced that he will under no circumstances keep married people in his employ. During a rehearsal of Tom's play—which is shown in the last act—the manager's unkindness to Dorothy compels Tom to disclose their relationship, whereupon the manager not only declines to go on with the production of the play but discharges both Tom and Dorothy. Tom seeks to interest Mrs. Hunter-Chase, the owner of the theater, who desires to become an amateur actress, in his play and she agrees to make a society production of it, appearing herself in the leading role. He agrees to meet her in the carriage house of her country home to coach her in the art of acting. In the meantime, not knowing of this, and without Tom's knowledge, Dorothy meets Mr. Hunter-Chase, who, although the president of a ladies' society is partial to the ladies of the theater, and hoping that he will aid Tom in the production of the play, agrees to read it to him. They agree to meet for this purpose in the same carriage house and at the same hour Tom is to give Mrs. Hunter-Chase her first lesson in acting.

The second act shows the interior of the carriage house, a novel scenic arrangement showing both the lower floor and the loft. And the complicated scenes arising from the efforts of each couple to escape the notice of the other are increased by the clandestine meeting at the same place of Mrs. Hunter-Chase's coachman and Dorothy's maid. In the final act Tom and Dorothy are made happy by the promise of the Hunter-Chases to produce the play as was originally intended.

Lame back may come from overwork, cold settled in the muscles of the back or from disease. In the two former cases the right remedy is RALPH'S KIDNEY LINIMENT. It should be rubbed in thoroughly over the affected part, the relief will be prompt and satisfactory. Price 25c, 50c and \$1.00 per bottle. Sold by All Druggists.

11:30 a. m. Mrs. McDonald and party arrive at capitol and are escorted to seats reserved in hall of representatives. The full list of various committees in charge will be published next week. As yet, all of these committees to be given to those who have up to that time subscribed to the inaugural ball.

The dance program will be a gem of the engraver's and embosser's art and will have upon it in colors the flag as well as the coat of arms of the new state, a vignette portrait of Governor-elect McDonald, as well as of the capitol, and the names of those on all of the committees, besides the dance program and the names of all of the new state officers-elect, thus furnishing an elegant souvenir of an occasion which occurs only once in the history of the state, that is, the inauguration of the first state governor.

How Albuquerque Citizens Can Find Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be Cured to stay cured. Doan's Kidney Pills make lasting cures.

Grateful people testify. Here's a case of it: Mrs. Bernadette R. de Escudero, 108 Griffin St., Santa Fe, New Mexico, says: "I hold as high an opinion of Doan's Kidney Pills today as when I publicly recommended them in January 1907. I then said that for about a year I was bothered by a dull ache and weakness across my loins and kidneys. I tired easily and any exercise caused severe pains in my back. Hearing Doan's Kidney Pills highly spoken of, I was induced to try them. The results proved beyond a doubt that Doan's Kidney Pills live up to representations. The cure this remedy brought has led me to praise it on more than one occasion."

## COYOTES BECOMING DARING BECAUSE OF HUNGER

Sheep Camps and Small Settlements in Mountains Being Menaced by Droves of Starving Animals.

Desperate because of short rations during the last few weeks, coyotes, singly and in droves, are becoming exceedingly daring in the mountains east and southeast of Albuquerque, according to mountaineers in the city today, and sheep herders and settlers are kept continually on their guard to repulse attacks on their property. The coyotes are particularly keen on the chase of flocks of sheep and in several instances sheep owners have increased the number of herders and dogs with the droves in order to properly protect their interests. Although the bounty on coyotes offered by the county and state is small, people living in the mountains are hunting them and will doubtless turn in many claims for bounty in the spring.
